The Grandview Plaza Hotel

Policies & Information Handbook

Revised Edition — Aligned to Live Reservation & Guest-Service Data

A structured reference dataset covering hotel background, guest-facing policies, facilities and frequently asked questions — formatted for use as grounding content for an AI concierge / customer-support agent.

TEMPLATE NOTICE: “The Grandview Plaza Hotel” is a fictional placeholder property. Section 2 (Hotel Overview & Room Types) and the new appendix on common guest service requests have been regenerated from the property's own room-inventory, booking, guest and service-request records so the room catalog, pricing, and capacity figures below reflect actual operating data rather than illustrative samples. All other sections remain sample policy language and should still be reviewed with your operations/legal team before use in a live AI agent.

1. About the Hotel & Our History

The Grandview Plaza Hotel first opened its doors in 1987 as a 60-room city-centre property built around a single idea: that business travellers and holidaymakers alike deserve genuine, attentive hospitality rather than a purely transactional stay. Over three decades the property has been renovated twice — most recently in 2021 — and expanded to its current footprint while preserving the original lobby archways and courtyard fountain that guests have long considered the heart of the hotel.

Today the hotel is part of a family-owned hospitality group operating four properties across the region. It is positioned as an upscale full-service hotel, popular with corporate travellers during the week and families and leisure travellers on weekends, owing to its central location, banquet facilities, and proximity to the old town district.

Our mission is simple: deliver consistent, warm, detail-oriented service, maintain spotlessly clean and well-maintained rooms, and treat every guest request — large or small — as worth solving well. This same standard applies to how our AI concierge should represent us: helpful, accurate, and honest about what it does and doesn't know.

2. Hotel Overview & Room Types

UPDATED FROM SOURCE DATA: This section previously listed 5 illustrative room types across 180 rooms. It has been rebuilt from the property's actual room-inventory export (35 room categories, 359 total rooms). Prices are per-night rates from the reservations system; the guest and phone-number records associated with these bookings indicate the property prices in Indian Rupees (Rs), so figures below use that currency — confirm and update any dollar-denominated fees elsewhere in this handbook (e.g. pet fee, smoking-deep-clean fee, valet fee) to match once the property's actual currency is confirmed.

3. Check-In & Check-Out Policy

- Standard check-in time: 2:00 PM (14:00) local time.
- Standard check-out time: 11:00 AM (11:00) local time.

- Early check-in: Subject to room availability. Complimentary if the room is ready; otherwise a fee of 50% of one night's rate applies for check-in before 10:00 AM.
- Late check-out: Until 2:00 PM is complimentary for Loyalty Program Gold/Platinum members and subject to availability for other guests. Check-out between 2:00 PM and 6:00 PM is charged at 50% of one night's rate; after 6:00 PM a full night is charged.
- Minimum check-in age: Guests must be at least 18 years old to check in and hold a reservation; a valid government-issued photo ID is required at check-in.
- Express/self check-in: Available via the hotel mobile app and airport kiosk for guests who have completed online pre-registration and provided a valid ID and payment method in advance.
- All guests staying in the room must be registered at the front desk.

4. Reservation & Booking Policy

Reservations can be made through the hotel website, the central reservations phone line, our mobile app, approved third-party travel agents/OTAs, or in person at the front desk.

UPDATED FROM SOURCE DATA: The booking records reviewed for this update show guests booking directly against room categories (no separate flag distinguishing Flexible / Advance-Purchase / Member rate at the booking-record level, and no group-booking flag). The rate-plan structure below is retained as policy, but the reservation system should be checked to confirm it captures rate-plan type per booking so cancellation and refund rules in Section 5 can be applied automatically.

Rate Plans

- Flexible Rate: Fully refundable if cancelled within the applicable window (see Section 5). No prepayment required; card on file guarantees the booking.
- Advance Purchase / Non-Refundable Rate: Discounted rate (typically 10–15% lower) charged in full at the time of booking. Not eligible for cancellation, date change, or refund.
- Member Rate: Available to Loyalty Program members; terms follow the Flexible Rate cancellation rules unless stated otherwise at booking.

Group & Event Bookings

Bookings of 10 rooms or more, or bookings that include banquet/event space, are classified as group bookings and follow a separate group contract with its own deposit schedule, attrition clause, and cancellation terms, arranged directly with the Sales & Events team rather than through standard individual reservation channels.

5. Cancellation, No-Show & Refund Policy

Rate Type	Free Cancellation Window	Penalty If Missed
Flexible Rate	Up to 48 hours before 2:00 PM on arrival date	Charge equal to one night's stay + taxes
Advance Purchase / Non-Refundable	None — non-cancellable	Full amount already charged; non-refundable
Group / Event Booking	Per individual group contract	Per individual group contract

- No-show: If a guest does not arrive and does not cancel by the deadline, the first night's stay (plus applicable taxes) is charged to the card on file and the remaining nights of the reservation are released.
- Early departure: Guests who check out earlier than their booked departure date may be charged an early-departure fee equal to one night's rate, unless the rate plan states otherwise.

- Refund processing time: Approved refunds are returned to the original payment method within 5–7 business days, depending on the card issuer or bank.

UPDATED FROM SOURCE DATA: Of the booking records reviewed, most are 'confirmed', a smaller share are 'pending', and one is 'cancelled' — consistent with this cancellation policy being actively applied, though the export does not include a cancellation-reason or refund-amount field to verify penalty amounts were charged correctly.

6. Payment, Billing & Deposit Policy

- Accepted payments: Visa, Mastercard, American Express, UPI, major digital wallets, and cash (cash payments require a valid ID and may require a higher security deposit).
- Advance payment: Flexible Rate bookings require a valid card to guarantee the room; the card is not charged until check-in unless cancelled late or a no-show occurs. Non-Refundable Rate bookings are charged in full at the time of booking.
- Security/incidental deposit: A refundable deposit is collected at check-in — typically the equivalent of one night's rate, or a fixed hold — to cover incidentals such as minibar use or damages. This is released within 3–7 business days after check-out if no charges apply.
- Taxes & service charge: All published rates are subject to applicable local taxes and a service charge, shown separately at checkout/invoicing.
- Invoicing: A detailed folio/invoice, including tax registration details on request, is available at check-out or by email.

UPDATED FROM SOURCE DATA: Guest contact records already include UPI-compatible Indian mobile numbers (+91), which supports keeping UPI listed as an accepted payment method above.

7. Identification Requirements

- All guests aged 18+ must present a valid, unexpired government-issued photo ID (national ID card, driver's licence, or passport) at check-in.
- International guests must present a valid passport; a visa document may also be requested where locally required.
- The name on the reservation should match the ID presented; the hotel reserves the right to request the booking be updated if they do not match.
- IDs are used strictly for verification and legal registration purposes in line with local hospitality regulations, and are handled per the hotel's privacy policy.

8. Room Occupancy & Extra Guest Policy

- Maximum occupancy per room type is listed in Section 2 and is strictly enforced for fire-safety and comfort reasons.
- Extra adult charge: A guest beyond standard double occupancy is charged an additional fee per night (approx. 20% of the room rate), where the room type permits it.
- Extra bed / rollaway: Available on request, subject to room size and availability, for an additional nightly fee.
- Visitors who are not registered guests may not stay overnight; day visitors should be signed in at the front desk and are asked to leave the guest floors by 11:00 PM unless prior arrangements are made.

UPDATED FROM SOURCE DATA: Maximum occupancy in Section 2 now spans 1 guest (Standard Single, Economy Single, Compact Room) up to 6 guests (Luxury Villa) rather than the previous flat 2–3 range, so this policy now applies across a wider

spread of room categories.

9. Children & Family Policy

- Children aged 5 and under stay free of charge when sharing existing bedding with a parent/guardian.
- Children aged 6–12 sharing existing bedding stay free; if an extra bed or crib is required, standard extra-bed charges apply.
- Complimentary cribs/cots are available on request, subject to availability — we recommend requesting one at the time of booking.
- A supervised Kids' Corner is available in the lobby lounge daily from 9:00 AM to 6:00 PM; children must be accompanied by an adult at the pool and in all F&B outlets.

UPDATED FROM SOURCE DATA: Family-oriented categories in the current inventory — Family Room, Family Suite, Connecting Room, and Premium Family Room — are the most relevant rooms to recommend when an AI concierge fields a family booking or crib/extra-bed request like the ones logged in Appendix 26 (requests #22 and #24).

10. Pet Policy

- Pets (dogs and cats) are welcome in designated pet-friendly rooms on the 3rd floor, subject to availability and advance notice at the time of booking.
- A non-refundable pet cleaning fee of $40 per stay applies, per pet, with a maximum of 2 pets per room.
- Weight limit: up to 25 kg per pet. Guests travelling with larger animals should contact the hotel directly to check availability of suitable rooms.
- Pets should not be left unattended in the room; the in-room dining menu offers a small pet-friendly menu on request.
- Service animals assisting guests with disabilities are always welcome at no charge, in all areas of the hotel, in accordance with local accessibility law, and are not subject to the pet policy above.

11. Smoking Policy

- The hotel is a 100% smoke-free property, including all guest rooms, corridors, restaurants, and indoor public areas. This includes e-cigarettes and vaping devices.
- Designated outdoor smoking areas are located at the rear courtyard and the rooftop terrace's east corner.
- A deep-cleaning fee of $200 will be charged to guests who smoke inside a non-smoking room, in addition to any lost-revenue charges if the room must be taken out of service.

12. Facilities & Amenities

Concierge & Travel Desk	7:00 AM – 11:00 PM	Tours, tickets, restaurant reservations

UPDATED FROM SOURCE DATA: Service-request logs show real demand for business-centre access, club-lounge access, and spa appointments (Appendix 26, requests #25, #31, #33, #39) — these already map cleanly to the facilities above.

13. Dining & Room Service

- Horizon Restaurant (all-day dining): 6:30 AM – 11:00 PM. Breakfast buffet served 6:30–9:30 AM (10:30 AM on weekends).
- The Courtyard Bar: 4:00 PM – 1:00 AM, light bites and cocktails.
- In-room dining: Available 24 hours; a tray/delivery charge of $5 applies outside of 6:30 AM–11:00 PM.
- Breakfast is included with Flexible and Member rate bookings; it is charged separately for Advance Purchase/Non-Refundable rates unless stated otherwise at booking.
- Vegetarian, vegan, halal, and common allergy-friendly options are available at all outlets — please inform staff of allergies when ordering.

UPDATED FROM SOURCE DATA: Room-service style requests in the log include a room-service menu request, in-room breakfast, private dinner service, and champagne/room decoration (Appendix 26, requests #5, #18, #34, #40) — useful example phrasings for training an AI concierge to recognize dining requests.

14. Housekeeping Policy

- Daily housekeeping is provided between 9:00 AM and 4:00 PM; place the “Please Make Up Room” card outside your door or request a time via the app.
- Guests may hang the “Do Not Disturb” sign at any time; rooms marked DND for over 24 hours will be checked on briefly for guest welfare.
- Linen and towels are changed daily as standard; an eco “reuse towel/linen” program can be activated on request to reduce water and energy use.
- Turn-down service is available on request for Junior Suite and above.

15. Safety, Security & Emergency Procedures

- 24-hour on-site security and CCTV monitoring cover all public areas, corridors, and entrances (not guest rooms).
- Each room is fitted with a smoke detector, and each floor has clearly marked fire exits and an evacuation map posted on the back of the guest-room door.
- In-room electronic safes are available for valuables; the hotel's liability for items not stored in the safe or hotel deposit box is limited as described in Section 20.

- In case of fire alarm activation, guests should proceed calmly to the nearest marked stairwell — elevators must not be used — and assemble at the designated meeting point in the front car park.
- Front desk and security can be reached 24/7 by dialling 0 from any in-room phone.

16. Lost & Found Policy

- Items found in guest rooms or public areas are logged and securely stored by housekeeping/security for 90 days.
- Guests can inquire about a lost item by contacting the front desk or emailing the hotel with a description, the room number, and dates of stay.
- Verified items will be shipped to the guest at their expense, or held for pickup.
- Perishable items and items of significant value follow a shorter retention or special handling process at the hotel's discretion.

17. Accessibility & Special Needs

- 8 fully accessible rooms are available, featuring roll-in showers, grab bars, lowered fixtures, and wider doorways — request at the time of booking to guarantee availability.
- Ramps and accessible entrances are available at the main lobby and pool deck; all public elevators are wheelchair accessible.
- Visual and hearing-impairment support tools (door-knock alert kits, visual smoke alarms) are available on request.
- Staff can assist with luggage, mobility aids, and way-finding — contact the front desk or concierge at any time.

UPDATED FROM SOURCE DATA: The room inventory includes a dedicated “Accessible Room” category with 6 rooms, not 8 as stated in the original text. Update the figure above to 6 rooms (or reconcile with operations if the 8-room figure includes accessible-adjacent rooms not separately tagged in this dataset), and note a wheelchair-accessibility request already appears in the service log (Appendix 26, request #32).

18. Loyalty / Membership Program

Tier	Qualification	Key Benefits
Silver	Sign up (free)	Member rates, 1 point per $1 spent, late check-out subject to availability
Gold	5 stays or 15 nights/year	10% bonus points, complimentary room upgrade (subject to availability), guaranteed 2 PM late check-out
Platinum	15 stays or 40 nights/year	20% bonus points, lounge access, guaranteed 4 PM late check-out, welcome amenity

Points can be redeemed for free nights, dining credit, or spa services. Points do not expire as long as the account has at least one qualifying activity every 18 months.

UPDATED FROM SOURCE DATA: “Club Room” (with club lounge access) and “Business Suite” in the room inventory pair naturally with Platinum lounge-access and Gold/Platinum guaranteed late check-out perks — a request for club lounge access already appears in Appendix 26 (request #33).

19. Guest Conduct & House Rules

- Quiet hours are observed from 10:00 PM to 7:00 AM in all guest-room corridors.
- Outside food and beverage may be consumed in guest rooms; catering into banquet/event spaces requires prior approval.
- Illegal drugs, weapons, and any activity that endangers other guests or staff are strictly prohibited and will result in immediate removal from the property without refund, and referral to local authorities where applicable.
- The hotel reserves the right to refuse or discontinue service to any guest who is abusive to staff or other guests, or who violates these house rules.
- Photography/filming for commercial purposes on the property requires prior written approval from hotel management.

20. Damage, Liability & Insurance

- Guests are financially responsible for any damage caused to hotel property, furnishings, or equipment during their stay, beyond normal wear and tear.
- The hotel's liability for loss or damage to guest belongings is limited to items deposited in the in-room safe or the hotel's front-desk safety deposit box; the hotel is not liable for cash, jewellery, or valuables left elsewhere in the room, except where caused by the hotel's own negligence.
- Guests are encouraged to carry appropriate travel insurance to cover personal belongings, trip interruption, and medical needs.
- The hotel is not liable for indirect or consequential losses arising from service interruptions outside its reasonable control (e.g., power outages, extreme weather).

21. Complaints & Feedback Policy

- Guests are encouraged to raise any concern with the front desk or duty manager immediately so it can be resolved during the stay wherever possible.
- Formal complaints can be submitted via the guest feedback form, the hotel app, or by email to guestrelations@grandviewplaza-example.com.
- The hotel aims to acknowledge all written complaints within 24 hours and provide a substantive response within 5 business days.
- Feedback, including compliments, directly informs staff recognition and service improvement processes.

22. Local Transportation & Nearby Attractions

- Airport: 8 km / approx. 20 minutes by car; complimentary shuttle runs hourly (see Section 12), or metered taxis are available at the main entrance.
- Public transport: The Central Metro Station is a 6-minute walk from the hotel; city buses stop directly outside.
- Car rental desk: Located in the lobby, open 8:00 AM – 8:00 PM.
- Nearby landmarks: Old Town Market Square (10-minute walk), City Art Museum (12-minute walk), Riverside Promenade (5-minute walk), Central Convention Centre (adjacent to the hotel).

UPDATED FROM SOURCE DATA: Airport pickup, taxi, and airport-transfer requests (including one cancellation) all appear in the service log (Appendix 26, requests #2, #8, #19, #36) — confirming this is a frequent guest need worth the AI concierge proactively offering during pre-arrival conversations.

UPDATED FROM SOURCE DATA: Added one FAQ pair above (room types & pricing) sourced directly from the room-inventory export, since guests asking “what rooms do you have and what do they cost” is a natural query the original FAQ set didn't cover once Section 2 stopped being a short illustrative list.

25. Notes for AI Developers: Using This Dataset

This document is structured to make it easy to turn into grounding content for a retrieval-augmented (RAG) hotel AI agent:

- Chunk by section, not by page. Each numbered section (and each FAQ pair) is a self-contained unit of policy — good chunk boundaries for embedding and retrieval.
- The FAQ section (24) is written as direct question/answer pairs so it can be used almost as-is for few-shot grounding or direct semantic matching against user queries.
- Tables (room types, cancellation matrix, facilities, loyalty tiers, emergency contacts, and the new common-requests appendix) carry structured facts — these are also available as the original CSV exports (room_types.csv, bookings.csv, guests.csv, service_requests.csv) if your retrieval pipeline handles tables poorly and would rather query structured data directly for room/price/availability lookups.
- Replace all remaining placeholder values (hotel name, address, phone numbers, some fees, timings, email addresses) with your property's real, current details before using this in production — an agent is only as accurate as the source data it's grounded on.
- Keep it current. Policies like cancellation windows, resort fees, and seasonal facility hours change; plan to version this document and re-index it whenever policies are updated, and have the agent state the policy 'as of' date if precision matters for the use case.
- Scope the agent's confidence. For anything not covered here (e.g., a very specific legal or medical question from a guest), the agent should say so and offer to connect the guest with hotel staff rather than guessing.

UPDATED FROM SOURCE DATA: Section 2's room catalog and the new Appendix 26 are now grounded in room_types.csv and service_requests.csv respectively. bookings.csv and guests.csv were reviewed to sanity-check the policy sections above (rate-plan status distribution, currency/locale) but contain per-guest booking records rather than policy content, so they are referenced here as supporting data rather than quoted directly — consider connecting them live to the agent's retrieval layer for real-time availability and reservation lookups, rather than baking booking data into this static handbook.

26. Appendix — Common Guest Service Requests

New section, added from the property's service-request log. This is a representative sample of the kinds of requests guests actually make during a stay, useful for training or evaluating an AI concierge's intent recognition alongside the FAQ in Section 24. Of 40 logged requests: 29 completed, 10 pending, 1 cancelled. The most frequent themes are housekeeping/amenity top-ups (pillows, towels, toiletries, blankets), transport (airport pickup, taxi, shuttle), dining and in-room dining, and special-occasion requests (romantic decoration, birthday decoration, champagne) — all reasonable categories for an AI concierge to route directly to the relevant hotel department rather than trying to resolve itself.
